

## Rocket project

Requirements:	Descriptions:	Possible Points	Points Earned
Title	Big Bang	1	
Purpose	to make a rocket out of a 2-L soda bottle with a nose-cone attached so it will release an egg-parachute after launch	1	
Hypothesis		5	
Procedures		5	
Pictures		5	
Result/Data		5	
Conclusion	discuss how energy is transferred	5	
Prototype/Model		5	
Folder	a. title page	1	
	b. research: • What kind of design will make a bottle rocket aerodynamic? • What kind of design will not make the egg break when it land? • Explain how an industry will use your design.	5	
	c. format: 1" margins, 12 size/Times New Roman font, double spaced... etc.	1	
	d. journal: specify each person's responsibility each day	5	
	e. Bibliography page	1
